Stephen,

Greetings. Attached is a memo that identifies a couple issues that you may want to consider regarding the treatment of contaminated ground water at the Arkwood NPL site. I will be out of the country 6/28-7/11 but periodically will be in contact with e-mail and voicemail. I would be happy to discuss these matter in detail with you at some point in the future. A hard copy of this memo will be mailed to you today.
